EXCLUSIVE KNOCKING-IN MACHINE

Exclusive to Slater-Gartrell Sports in Western Australia is our automated knocking in machine. This machine replicates the knocking in process in a matter of minutes and strikes the bat face approximately 1600 times. Some final hand knocking in is recommended.

All new cricket bats require knocking in before use, knocking in is the process of hardening and conditioning of the bats surface.

Knocking in will protect the face of the bat from cracking and increase the bats life span.

Knocking in also improves the "middle" of the bat so that it is larger and better thus improving how far the ball will travel once struck by the bat.

Linseed oil is used to moisten the surface of the bat and enables the fibres to become supple and knit together, forming an elastic surface. This is more likely to stretch on impact rather than crack.

Slater-Gartrell Sports recommends the use of the knocking in machine on all new bats and a final hand knock in using a hardwood mallet concentrating on the edges of the bat to round them off so the ball cannot damage them too much. The edges should be struck at 45 degrees to the face, gradually work on the edges until the whole surface is smooth and has a rounded appearance. The back of the bat should never be touched with mallet or ball. The hardwood mallet knocking in process should take between 10 to 15 sessions of about 10 minutes each. Once completed the bat is ready for play. Start by hitting old balls in the nets and check the face for very deep seam marks to the point of almost cracking the face, if this occurs further knocking in is required. Seam marks will always occur on the face of the bat but they should not be too deep.

SIDEARM PRO

The Pro is where the Sidearm™ really gets interesting. It requires a slightly stronger throwing arm to use than the club, but once mastered can produce deliveries that can test and challenge the very best of batters.

SIDEARM CLUB

Sidearm™ Club is designed to allow colt, novice and village cricketers the best practice available. It's very easy to use, and can be mastered by most cricketers within 5 or 10 minutes. A great way for parents whose throwing and bowling days may be behind them to give little johnny or johnetta top quality practice whenever they need it..

PILATES BALL

SMALL & MEDIUM SOFT BALLS

Learn to master the Pilates method with the PTP Pilates Balls. Suitable for all ages, you can use them in leg and abdominal exercises or as a supportive base to improve your body's alignment. The exercises included have been carefully developed by a Pilates expert for improved flexibility and motor coordination.

PTP037 **\$16.00**

STABILITY DISC

INFLATABLE BALANCE TRAINER

Elevate your workouts by adding an element of instability and improve your core strength, balance, coordination and posture. The unstable platform forces the body to react as an integrated system, engaging the abdominal, pelvic floor and back muscles to stabilise the joints. Simply change the level of inflation for more or less stability and challenge.

PTP038 **\$27.00**

COREBALL 55 CM

GYM BALL

The Pearl Violet PTP CoreBall features a 55 cm diameter, which makes it suitable for individuals between 140 cm (4 ft 7) and 165 cm (5 ft 4). Specifically designed to develop your core strength, balance and coordination, the PTP CoreBall will help you improve your back muscle imbalances and maintain a healthy posture. Exercising on the CoreBall will stimulate your motor reflexes and force your body to react as an integrated system, providing you with a more beneficial dynamic exercise movement. As your body tries to remain stable on the CoreBall, you will be able to engage.

PTP039 **\$31.00**

COREBALL 65 CM

GYM BALL

Featuring a 65 cm diameter, the Onyx Black PTP CoreBall is recommended for individuals from 165 cm (5 ft 4) up to 185 cm (almost 6 ft 1). Back pain often stems from poor posture, muscle imbalances and weak core engagement. Add this essential piece of equipment to your home gym to build a strong core, foundation to any functional movements. You can also improve your posture by simply using your CoreBall as an alternative to your office chair.

PTP040 **\$32.00**

COREBALL 75 CM

GYM BALL

The PTP CoreBall is a versatile pro-grade gym ball that can be used during core stability and flexibility exercises. In particular, using a CoreBall can help activate the muscles surrounding the abdomen, the pelvic floor and the back, which act as the important foundation to all functional movements and daily activity in general. This particular Steel Grey CoreBall is our largest CoreBall and features a 75 cm diameter, which makes it suitable for individuals who are over 185 cm (or almost 6 ft 1) tall. All our CoreBalls come with a bonus pump for added convenience.

PTP041 **\$33.00**

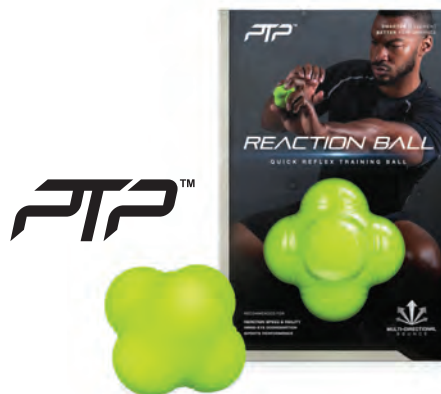

CORE SLIDERS

DYNAMIC TRAINING DISCS

Add a dynamic dimension to your exercises and take your performance to the next level. The Core Sliders provide an efficient workout by challenging your core stability, cardiovascular endurance, strength and flexibility - all at the same time. Because they let you move forward, backward, side-to-side and rotate - without restrictions, they are also ideal for functional sports training. The hexagonal design accommodates both hands and feet for maximum exercise versatility. The Core Sliders feature two distinctive low-friction surfaces to easily slide on carpet or hardwood floors.

PTP042

REACTION BALL

6 SIDED BOUNCE BALL

Take your sports performance to the next level by improving your reflexes, speed, agility and hand-eye coordination. The multiple protrusions create erratic bounces when the ball hits a surface, forcing you to quickly shift direction to retrieve it. Use it against a wall solo or with a partner for added fun.

PTP043

MYOXV VIBRATING ROLLERS

RECOVERY

The MYOXV & MYOXV2 are ideal for both Pre and Post Training Rolling Routines.

PRE-EXERCISE Prepares the muscles by increasing their elasticity, reducing stiffness, promoting circulation and increasing local temperature which enhances muscle fibre activation.

POST-EXERCISE Enhances blood flow to rehydrate the fascia, reduces pain in the muscles and joints, improves muscle tone and Range Of Movement (ROM) which is vital for rest and recovery.

PTP052	MYOXV	\$72.00
PTP053	MYOXV2	\$88.00

THERAPY ROLLER

MULTI-TARGETED MASSAGE ROLLER

Providing stimulating sensations, the PTP Massage Therapy Roller is designed to release muscle tension and restore joint mobility. The pyramidal projections offer a multi-targeted approach, while the robust hollow core guarantees a deep tissue massage that penetrates through the layers of muscle and fascia. The Large Massage Therapy Roller offers the same level of compression and trigger pointing but, at 60 cm, it provides greater stability during back massages and enables an efficient massage of both calves, hamstrings, or upper arms, simultaneously. The recessed mid-section is designed to offer an additional, alleviated level of pressure.

PTP054	60cm Therapy Roller	\$54.00
PTP055	30cm Soft Therapy Roller	\$38.00
PTP056	30cm Firm Therapy Roller	\$38.00

FITNESS

FLEXIBAND ELASTICATED WOVEN STRETCHING LOOP

The special elasticated woven construction of the PTP FlexiBand provides leverage and resistance at the same time. This means you can perform deeper stretches and hold them for longer without the risk of extending beyond the natural range of motion of your joints. Highly versatile, the FlexiBand can be used before and after a workout to increase flexibility and range of motion in both your upper and lower body. It is also a great tool to prevent work or sports-related injuries.

MYOSTICK MYOFASCIAL RELEASE STICK

Recover faster with the PTP Myostick by self-massaging sore areas in your calves, ITBs, glutes, adductors, quadriceps, hamstrings or TFLs. It allows you to easily perform myofascial release and optimise the full width and length of your muscles. Use it before and after any physical activity to activate blood circulation and ultimately improve flexibility and sports performance.

PTP060 **\$31.00**

MYOSPHERE DEEP TISSUE MASSAGE BALL

The PTP MyoSphere has been specifically designed for use on the large troublesome muscles in the legs (calf and hamstring), hips, gluteals, torso (pecs and obliques), shoulders and upper back. Providing a firm massage of the soft tissues, the MyoSphere textured surface provides superior traction, which will help you perform effective self-myofascial release, improve flexibility, activate blood circulation and reduce downtime.

PTP061 **\$19.00**

MYO-X2 BILATERAL DEEP TISSUE MASSAGER

Offering a convenient deep tissue massage, the PTP Myo-X2 is specifically designed for use on the back. The recessed mid-section accommodates the spinal joints, making it ideal to roll out the muscles along both sides of the vertebral column (bilateral symmetry). The ergonomic morphology can also prove useful to simultaneously target the right and left sides of muscles, such as biceps, triceps, hamstrings, quadriceps and calves.

PTP062 **\$32.00**

TRACKBALL SPINE-CRADLING MASSAGE TOOL

The PTP Track Ball is a convenient self-massaging tool that can be used to help you alleviate muscle tension, improve the range of motion of your spinal joints and reduce your chance of recurring back and neck pain. Ergonomically designed to contour the anatomy of the spine, it helps to access muscles and fascia and minimise the impact on skeletal alignment.

PTP064	Soft	\$25.00

TRIFLEX SET ACUPRESSURE TOOLS - SOFT & FIRM

With our compact PTP Triflex set, easily access your knots/trigger points and get self-pain relief when and wherever you need it the most. The unique design that mimics the bent finger action used in therapeutic massages lets you apply targeted pressure to the source of pain. You can adjust the level of pressure to your own pain threshold by simply switching tools.

PTP065 **Combo** **\$22.00**

MASSAGE BALLS DEEP TISSUE BALLS - SOFT & FIRM

The PTP Massage Balls have been designed to provide two distinctive levels of tissue massage. You can use one and/or the other to relieve varying muscle tension that affects your feet, glutes, hips, back, shoulders, forearms and more. Through direct pressure and deep muscle penetration, the Massage Balls help release trigger points and break up soft tissue minimise the impact on skeletal alignment.

PTP066 **Combo** **\$22.00**

TRIGGER BALLS

ACUPRESSURE BALLS

The PTP Trigger Balls allow you to easily target specific over-stressed body areas by pressing, pulling or twisting soft tissue restrictions. Use your own body weight for an intense massage or your hand for more pressure control. The two distinct densities will help you suit various body areas and matching pain thresholds.

PTP067 Combo **\$15.00**

SENSORY BALL

ACUPRESSURE MASSAGE BALL

The PTP Sensory Ball is designed to activate blood flow and relieve pain in your back, neck, shoulders and the arches of your feet. Using your own body weight, you can apply varied pressure and suit your own relaxation needs. The small sensory points aim to stimulate the nerve endings to relax your nervous system.

PTP068 **\$15.00**

ICE BALL

COLD THERAPY BALL

The Ice Ball is designed to provide long-lasting cooling without melting. Use it frozen for instant acute pain relief and swelling reduction. Or use it unfrozen for a frictionless massage that activates blood circulation and boosts recovery. The unique finger groove design of the protective cover allows for a comfortable grip and prevents fingers from getting cold. The removable steel ball can be used on its own to easily self-massage those hard-to-reach problem areas.

PTP069 **\$26.00**

THERAPY TWISTER

HAND & FOREARM STRENGTHENING BAR

Burley - Footballs since 1907

Burley is officially endorsed and used by the WAFL, SANFL, Victorian Country Football League, WA Country Football League, the Victorian Women's Football League and the Foxtel Cup.

Our reputation for impeccable quality is in part due to the vast experience of our manufacturing department. Every Burley football must first meet strict standards of quality before they can leave the Burley factory.

Premier - vgtan

Designed primarily for use in top grade leagues and competitions. The 'Premier' is made using the finest leather hides, selected only after passing Burley's rigorous quality testing. This world class football is used extensively among Australia's footballing elite.

4001 **Size 2:** 10-11 Years Red **\$88.00** 4002 **Size 3:** 12-13 Years Red **\$90.00**
4003/R/Y **Size 4:** 14-15 Years Red or Yellow **\$92.00** 4004/R/Y **Full Size :** Red or Yellow **\$98.00**

Premier - women's

Burley produces match quality leather footballs for use in women's leagues around Australia. Smaller and lighter than a full size footy, the women's ball is designed specifically for the smaller feet and slighter frames of the average female, allowing greater skill development than ever before.

4010R **Size 4:** Red **\$89.00** 4010Y **Size 4:** Yellow **\$89.00** 4010P **Size 4:** Pink **\$89.00**

< **Pride of quality in every ball** >

club

The Burley 'Club' ball is produced using quality Australian leather, second only to that used for the Burley 'Premier'. The 'Club' is a match quality ball ideal for amateur league teams, but great value for football clubs at any level.

4020 **Size 2:** 10-11 Years Red **\$76.00** 4021 **Size 3:** 12-13 Years Red **\$79.00**
4022/R/Y/W **Size 4:** 14-15 Years Red, Yellow or White **\$81.00**
4023 **Full Size :** Red Yellow or White **\$82.00**

match

'Match' balls are made from fine pre-stretched Indian leather, making it perfect for use in junior matches. A long lasting ball, the 'Match' is suitable for all ages and is used extensively in junior leagues.

4024/R/Y **Size 2:** 10-11 Years **\$32.00** 4025/R/Y **Size 3:** 12-13 Years **\$33.00**
4026/R/Y **Size 4:** 14-15 Years **\$34.00** 4027/R/Y **Full Size:** **\$35.00**

League

Introduced to the Burley range in 2010, the 'League' is an Indian leather football of comparable quality to Australian made balls - an industry first. Featuring excellent shape retention and quality hide with the benefit of an imported football price.

40283 **Size 3**, 40284 **Size 4** or 40285 **Size 5**: **\$52.00**

Attack

Burley's 'Attack' is made from waterproof, synthetic material, making it an all-weather ball usable on any surface. A pebble grain exterior allows for better grip and easier marking, making it ideal for primary schools and beginners still learning the basics.

4029/R/Y **Size 1**: 5-9 Years Yellow **\$11.00** 4030/R/Y **Size 2**: 10-11 Years **\$13.00**

4031/R/Y **Size 3**: 12-13 Years Red or Yellow **\$14.00** 4032/R/Y **Size 4**: 14-15 Years **\$15.00**

4033/R/Y **Full Size**: **\$16.00**

Soft Touch

A revelation with young girls and boys in recent times, the soft touch's soft PVC outer makes it perfect for young hands and feet, and play without shoes.

4034R/Y/R/P **Size 1**: **\$15.00**

4035R/Y/R/P **Size 3**: **\$15.00**

club coloured balls

Burley 10" and 12" footballs feature a modern design and are embossed with the Burley logo for easy grip. Available in 15 popular colour combinations.

GARMIN VIVOSMART 4

Smart Activity Tracker with Wrist-based Heart Rate

Accent your style while enhancing your fitness with our vivosmart 4 activity tracker. This slim, swim-friendly wearable comes loaded with fitness and wellness features to help you make the most of a healthier, more active lifestyle. A wrist-based Pulse Ox sensor lets you estimate blood oxygen saturation while you're sleeping — or you can spot-check your oxygen levels anytime during the day. The device also monitors heart rate at the wrist and includes helpful tools such as all-day stress tracking, a relaxation breathing timer and VO2 max readings. Plus, Body Battery energy monitoring helps you know when you're primed to be active or when you may need to rest. Safe for the pool or shower, vivosmart 4 keeps you going strong with up to 7 days of battery life — while smart notifications with vibration alerts help you stay connected on the go (when connected to a compatible smartphone).

HEART RATE MONITOR

Get a quality workout with our heart rate monitor. When worn around your chest during an activity, it wirelessly transmits your heart rate to your compatible device for instant feedback on how hard you're working.

The front part of the strap contains the heart rate module and is made of flexible plastic. The part of the strap that goes around your back is made of a soft fabric and is adjustable to your size.

Use and care of the heart rate monitor is a snap. Once it's paired with your compatible device the first time, it will automatically recognize it each time. The fabric of the strap can be removed and hand-washed as often as needed.

GARMIN EDGE 830 GPS BIKE COMPUTER

GPS Bike Computer for Performance and Racing

The Garmin Edge 830 GPS Bike Computer really is at the edge of innovation when it comes to advanced bike computer technology. The best selling Edge 520 has been upgraded and improved across the board. The Edge 830 offers dynamic performance monitoring and insights to help take your bike riding to the next level. The improved processor makes it twice as fast as its predecessor, with an increased battery life of 20 hours and a 13% larger colour touchscreen display. The Edge 830 is packed full of new features to enhance your riding and training, starting with performance focused metrics such as VO2 Max, recovery time, training status/load with new training load focus, Heat/Altitude Acclimation status and smart nutrition/hydration tracking. The new Climbpro feature allows you to see the remaining grade and ascent when climbing, while mountain bikers are well looked after with new Mountain Bike Dynamics tracking your jumps and descents, while Foresight will automatically display upcoming forks in the trail when you pause, to give you at a glance context of where you are in the trail network. These features really are great for mountain biking, making the Edge 830 a real option for both the road and the trails.

HRM-RUN

The HRM-Run heart rate monitor provides the most advanced running metrics to high-end Garmin Forerunner® running watches. The strap is seamlessly comfortable and easily adjustable while the module is small, lightweight and fits entirely within the width strap.

HRM-Run provides 6 running dynamics metrics:

- Cadence — number of steps per minute
- Vertical oscillation — degree of 'bounce' in your running motion; displays the vertical motion of your torso, measured in centimeters for each step
- Ground contact time — amount of time in each step that you spend on the ground while running; measured in milliseconds
- Ground contact time balance — displays the left/right balance of your ground contact time while running (displays a percentage); for example, 53.2 with an arrow pointing left or right
- Stride length — length of your stride from 1 footfall to the next; measured in meters
- Vertical ratio — ratio of vertical oscillation to stride length (displays a percentage); a lower number typically indicates better running form

This real-time data can help athletes take their performance to the next level by showing them where they can improve their running form.

LIFE SAVING

FINN AFFINITY

Moulded in one piece from high density UV retardant polyethylene, the Affinity is available with a kick up rudder and adjustable footrests making it easy to manoeuvre, even through the tea-trees on the Avon, and is easy to transport. Now with a higher front deck increasing forward buoyancy, the Affinity paddles drier and has increased lift through surf and white water, allowing the boat to be comfortably used in a wider range of paddling conditions.

The integral buoyancy provides added safety in the event of swamping while the internal aluminium keel rib adds rigidity to the hull to prevent slumping. The Affinity is faster than a wave ski as proven annually in the Avon Descent and is more stable than a surf ski making it easy to handle in all conditions even for beginners. The Affinity is listed as "Hire Boat Approved" by the Department of Transport.

'AFFINITY' DIMENSIONS

Length 4.25 metres
Beam 0.65 metres
Weight 18.5 kilograms

5450	Includes paddle	\$1274.00
5451	Optional back rest	\$59.00

FINN GIZMO

A super stable 2.6m wave ski, designed for river, surf or white water. Lightweight 17kg allows easy transport & storage for paddlers of all ages. High back support for a comfortable seated position with lower back support. Multiple footwells (self draining for a drier paddling experience) allow paddlers of various heights to comfortably use this craft, and its superior stability makes it well suited to larger paddlers. The storage area has a removable container for small items, still allowing access into the craft for larger items (lunch, towel etc.).

The flat hull and twin keels allow great manoeuvrability on waves whilst maintaining excellent speed and tracking for distance paddling. The low volume bow is ideal for punching out through waves or leaning forward to duck dive through bigger waves. The GIZMO is listed as 'Hire Boat Approved' by the Department of Transport. Leg straps to provide greater stability & control.

'GIZMO' DIMENSIONS

Length 2.60 metres
Beam 0.72 metres
Weight 17.0 kilograms

FINN REFLECTION CANOE

A classically designed open Canadian canoe, the Reflection is feature packed and exceptional value. The Reflection comes standard with three contoured (for comfort) seats with integral buoyancy, foam padded backrests, easy grab handles each end, keel rib for increased rigidity and two paddles. The inclusion of the foam padded backrests for each seat improves paddling posture, protecting the lower back of the paddler and allowing more time and enjoyment in the canoe.

One person can comfortably paddle the Reflection from the centre seat. Its multi-chine hull provides exceptional initial and secondary stability, and Swedehull hull shape allows extra load carrying capacity in the rear for single paddler or bracket mounted outboard, whilst maintaining excellent paddling speed and manoeuvrability. The tumblehome sides allow extra width and therefore stability without compromising paddle stroke.

'REFLECTION' DIMENSIONS

SURFBOARDS **GNARLOO FATTY**

These boards have proven to be the best soft surfboards on the market. Best in performance so people can learn to surf well on them and best as far as usage goes. We have adopted the board inside a board principle that sees an EPS core with a wooden stringer shaped and glassed with epoxy resin. Then it is wrapped in materials that make the board soft. This principle ensures that you get the best of

both worlds. Firstly, a board that will perform really well as we can control the shape of the board and therefore the function of the board and secondly we can make the board as soft as it needs to be to provide optimum safety. All boards are constructed with heat lamination for added durability.

Ultra Liquid 10L MAX CONCENTRATE

MARKED LENGTHS BASED ON 50MM LINE

Liquid - 10 litre pail. Dilute with water. 1 x 10 litre drum marks about 2-3 Soccer or Football fields 1 x 10L makes up to 90Litres of Liquid

DURABILITY

4 - 8 Weeks

ADVANTAGES

Use on hard or soft surfaces; Extremely bright; Highly concentrated; Excellent adhesion & wear resistance; very long lasting; Completely safe; Long storage life; Excellent value

GUIDE ONLY - Figures indicated are dependent on many factors including time of year, grass length, surface conditions, rain, temperature, as well as the person marking who influences the speed, concentration of the product etc. The figures do not allow for wear which may be anywhere from light to very heavy. A built-up line will last longer than a fresh new line.

XTREME WHITE OR BLACK 10L CONCENTRATE

Introducing FountainLine's unique, high-durability line-marking paint.

- 2X the brightness
- 2X the durability
- 2X the concentration

Mark twice as many fields with the same amount of paint. 1 x 10L tub now makes up to 160L of line-marking liquid.

All-weather Line Marking

XtremeWhite and XtremeBlack also includes our game-changing hydrophobic formula that lets you paint straight onto wet grass.

Advantages

- Save Time - High-durability pigments mean Xtreme lasts twice as long, so you only need to mark half as often.
- Save Money - Double the concentration means you can mark twice as many fields with the same amount of liquid.
- Save Waste - Our non-settling formula means longer storage life, simplifying stock ordering and eliminating wastage.
- Save Space - Our new 10L XtremeCube tubs occupy 40% less storage spaces, which also lowers freight and warehouse costs.
- Save Spillage - Square-corner tubs make for easy pouring, and include easy-to-follow dilution instructions.
- Reliable Results - For use in all types of liquid line markers. Manufactured under ISO9001 quality standards for consistent results every time.

GILBERT BALL TUBE BAG

When travelling to and from a match, players need bags that easily carry their essentials. Gilbert have designed the Ball tube, perfect for carrying up to 5 netballs.

The ball tube is available in red, royal or black and has a single adjustable strap for easy transportation. To make it even simpler to navigate the ball type, half of the ball tube is made from mesh so the inside can be viewed but the bag maintains its strong makeup.

If you are a club or school looking a bag for away matches, the ball tube is exactly what you need.

SURFBOARDS GNARLOO FATTY

These boards have proven to be the best soft surfboards on the market. Best in performance so people can learn to surf well on them and best as far as usage goes. We have adopted the board inside a board principle that sees an EPS core with a wooden stringer shaped and glassed with epoxy resin. Then it is wrapped in materials that make the board soft. This principle ensures that you get the best of

both worlds. Firstly, a board that will perform really well as we can control the shape of the board and therefore the function of the board and secondly we can make the board as soft as it needs to be to provide optimum safety. All boards are constructed with heat lamination for added durability.

TENNIS BALL SERVE DOCTOR

This innovative training aid gives a feeling for correct body position relative to the ball during the service action (or even ground strokes). The Serve Doctor is a simple yet professional training aid consisting of an extension pole and velcro system that attaches to any tennis ball. Just hold the ball in position and have the player hit it right off the rope. It's that simple. Adjustable up to 214cm.

ANTI WAVE PRO 1080 WATER POLO GOAL

The Anti Wave Pro Floating Goal was first introduced at the 1972 Olympic Games in Munich, Germany. This premium water polo goal features a powder coated aluminium frame, reinforced with fiberglass, and a tough, polypropylene net that is knotted at every intersection. The EVA foam floats offer superior, even flotation for maximum goal stability. Small deck wheels allow the goal to be moved easily along the pool deck.

- Full-sized competition floating goal
- Strong, powder-coated aluminium frame, with 3m x .9m face
- Patented open corner net design to reduce ball rebound
- Net is tough polypropylene cord, knotted at every intersection
- Durable fiberglass flotation panels provide even position in the water

FIT DESCRIPTIONS

Classic Fit

The standard fit garment is a heritage fit and one for all shapes and sizes of players and wearers. This fit is ideally suited for schools, clubs and corporate wearers.

Slim Fit

Our Slim Fit garment range is tailored to the body shape to keep you looking good whilst providing maximum comfort. They are available in both our On & Off Field collection throughout the Canterbury Teamwear catalogue.

Match Fit

The Match fit garment was originally designed for Sevens Rugby, however as the 15s version of the game developed, more emphasis has been placed on the slimmer fitting garments. Our version is designed with the tapered narrower body combined with the narrowed shorter sleeves.
